The Ladies' Good Will Society continuing their work have secured Prof. George J. Hagerty who will, assisted by his wife, give an illustrated lecture on the City of Paris, Saturday evening, October 20th, at the court house.

The stereopticon views presented by Prof. Hagerty, in his lecture on "Paris, the Battle Ground of the Empire," were taken by himself and finished by his wife who has so beautifully tinted and tastefully grouped them as to lose one to their present surroundings and transport them to the city itself.

An illustrated lecture will be given by Prof. George J. Hagerty, at the court house on Saturday evening, October 20th, under the auspices of the Ladies' Good Will Society. The Prof. has recently returned from a tour through Europe and the illustrations used in his lecture are stereopticon views taken by himself.

The Old Settlers' of Trego county to the number of about 200 gathered at the court house last Saturday afternoon and perfected a permanent organization by electing A. P. Hinson, president; Tom O'Toole, vice president; J. P. Marquand, second vice president; Geo. I. Verbeck, secretary and A. B. Cooper, Treasurer.

The Wa-Keeney band discoursed excellent music and the glee club sang several good selections. A number joined the association and before next reunion the list ought to reach the 400 mark. All had a pleasant time. Mayor Wilson gave the association a welcome talk, and Hudson Harlan was made historian, and told some of his experiences since he came to Trego that were very interesting.

On Tuesday the postoffice changed hands. C. N. Gibson who had resigned some time ago, and as we were advertised to take his place assumed charge on that day. The office has always been one of the best for the size of the town in Western Kansas. The furniture and fixtures and the make up of the office in general would do credit to a much larger town. The retiring postmaster has held the office for over three years and could have held it longer had he so desired, but business interests at his ranch on Big Creek were of more importance to him than to Uncle Sam. Mr. and Mrs. Gibson have made good postmasters and we wish them success in their new home. We don't intend to make any promises to the public. The postoffice will be run on strictly business principles. We shall try to treat all cordially and alike and work for the best interests of the people in general. Miss Carrie Mumert, who has been assistant postmistress for a long time, will have charge of the office in our absence. The patrons all know her to be one of the best clerks who has ever held a position in the office. Miss Carrie is obliging, affable and a splendid clerk.

Consumption

is, by no means, the dreadful disease it is thought to be—in the beginning.

It can always be stopped—in the beginning. The trouble is: you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself and at home.

Two gentlemen arrived in our city last Saturday and began business in the old Monroe and Henkel building on the corner and many were the inquiries of what kind of business was going on in that building—one fellow said that they were patent medicine men—making a catarrh remedy that would cure all. Upon investigation we found two pleasant gentlemen engaged in assaying the products of our gold fields. An expert assayer is making test of shale from Ellis county to Gove, and we were unable to learn how much gold our shale beds contain. Before they quit the experiment a thorough investigation will be made as the men making the tests are thorough and competent in their line. We hope they will find large quantities of the yellow metal. If they do everybody will think that Trego is the Klondike of Kansas.

Abraham Frakes' Democratic friends are telling a good one on him: At the supper table at the American House Tuesday evening he tried to get cute and just like his Eureka, Kans., remarks, sound just like him. He told a friend who joined him at supper that he was from Kentucky where they prided themselves on fine horses, pretty women and the finest quality of whisky. A lady was seated at one of the tables and as everybody knows Frakes so well that the average reader would construe that these remarks were intended for the lady to hear. The lady at the table was Miss Minnie Johnson, of Pittsburg, Kans., a temperance lecturer of state reputation. Miss Johnson could, if she would tell this story to her audiences as she travels over the state, and fairly make Abraham's hair or "whiskers" stand on end. She could make thousands of votes against Abraham, as the story was uncalled for and just shows what an uncouth old bag of wind Frakes is.

The Demopop committeemen were in sore straits last Saturday occasioned by the withdrawal of their candidate for Probate Judge—John Stewart. They did a good deal of skirmishing all day and finally one long-headed Pop suggested that if we can't get one of our number to take the office let's give it to an old soldier Republican—maybe he will strengthen our ticket as the Republicans have two old soldiers on their ticket, and it will give us the same number. Squire Groff was hunted up and was given to understand that if he accepted they would work hard for his election. He accepted the nomination. Squire Groff has been police judge, justice of the peace and coroner of Trego for a number of years—yes; a goodly number, and has always been elected as a Republican and we are of the opinion that Uncle Joshua will support the republican ticket this year—except the county ticket. Another scheme was tried by the Demopop committeemen. They spent most of the afternoon chasing Republicans, trying to get one of them to accept the nomination of trustee against Chas. Folkers. Last year they left this office blank, but some of Folkers' enemies this year said, you will have to put a man up or we'll vote the straight Republican ticket. They offered the trusteeship to a close friend of ours who said they insisted on him taking it. He said the gall of those fellows would sour the stomach of a jackass.

Our Candidates.

Never before in the history of Trego county have the Republicans placed before the voters a better set of candidates than this year. Every man on the ticket is worthy of the position to which he aspires. They are exceptionally well qualified for the position for which they were nominated. Each candidate is identified, and has been for years, with the best interests of Trego county. A better ticket has never been nominated by any party in the county.

FOR REPRESENTATIVE
C. C. Yetter, of Ogallah, heads the ticket. Mr. Yetter was chosen strictly on his merits and true manhood. Being one of the earliest settlers of the county he needs no introduction to our people. Mr. Yetter and family came to Trego county in the spring of 1878 and settled at Ogallah, where he homesteaded land and has lived ever since. He has always followed farming and stock-raising, besides always keeping open house for his many friends and to the public at Ogallah, and every one who had the pleasure of stopping at his house, speak of him as mine host. Mr. Yetter has never asked for office in his long years residence in Trego until this year, and it was his friends who insisted on him making the race—as they were of the opinion that no better man could be found in the county for the position. Mr. Yetter is a cool, collected man anywhere and everywhere; a man of excellent judgment, honest, generous, always friendly and sociable, a man whom his fellow men have full confidence in. While not a public speaker, he can make an intelligent and straightforward talk, right to the point. If elected as a member of the legislature, as he surely will be, the people can rest assured he will always be found working for the best interests of Trego county and her people will never have cause to regret his election to the responsible office of representative. Mr. Yetter is an old soldier—having served three or four years in the war of the Rebellion. He was the unanimous choice of the Republicans.

FOR DISTRICT CLERK
H. D. Reid was the unanimous choice of the party. He came to Trego about 15 years ago where he engaged in farming and stock-raising in Collier township. He is well qualified for the office he seeks, and in his home township and wherever known he is held in high esteem by his fellowman.

FOR COUNTY ATTORNEY
John A. Nelson needs no introduction to our people as he is well-known all over the county and as he was the unanimous choice of the Republicans he should receive the united support of the party. Mr. Nelson is an honest and upright man and no one can say that he has not discharged the duties of his office without fear or favor.

FOR PROBATE JUDGE
M. W. Clift asks for re-election as Probate Judge and should receive it. During his term he has not missed a day. If there was any business to transact Minor was always on hand to transact it. His books are models of neatness and correctness—one of the most essential things that goes to make a good official. This office is one of the most particular positions to fill correctly among the county offices. Minor has the requisite qualifications for said office and he should be given another term. He also is an old settler.

FOR COUNTY SUPERINTENDENT.
Hudson Harlan, the Republican candidate for Superintendent is another old settler. He came to Trego county 15 years ago. Has taught school in many districts of the county, and has been engaged in school work for nearly 20 years. He has held the office nearly two years and has given general satisfaction. He has a first grade certificate and has passed a high grade in his examination for a state certificate, and will receive same shortly. Mr. Harlan is the kind of a man we need at the head of the schools of the county. He is in touch with teachers and also school boards, making things work pleasantly and profitably to the school and he should be re-elected and no doubt will, as he has made an excellent officer.

FOR COMMISSIONER.
W. E. Tilton, of north of town, was nominated for Commissioner of the 2nd district. The convention selected a good man for this important office. Mr. Tilton is an old resident, is a leading and prominent man among his neighbors, and has the three qualifications which are essential in that office: good education, honesty and excellent business judgment. Mr. Tilton is a large land owner and heavy taxpayer.

Mr. and Mrs. H. Harlan are the proud parents of another boy—born Tuesday October 2.

Frakes' Break.

Mr. Frakes, the fusion nominee for secretary of state, has issued a card to the voters of Kansas, asking them to take notice that his first name is Abram, not Abraham. "When people see my name spelled Abraham," says Frakes, "they form the opinion that I am a Shenny and it works hardships on my canvass. I am no Jew and my name is not Abraham. It is plain Abram."

Yet Abram is the better Hebrew word of the two, and Frakes must be ignorant of his family history or he would know it. Ab am means "th father of heights," and it was the original name of the progenitor of the Jews until God changed it to Abraham, meaning "the father of the multitude."

However, Frakes is an old bachelor and presumably the father of nothing—not even of a respectable boom for office.—Kansas Topics in Kansas City Journal.
